from our convenient Southampton, PA location!**

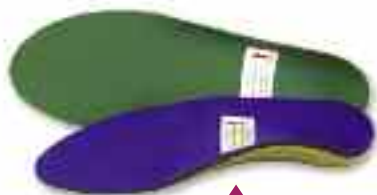

The Orthotics Lab

We are proud to say that we have been making premium, custom arch supports since we began our business in 1959. In fact, **we've assembled thousands of pairs** during the last half-century. Not only are we known as the preeminent orthotics and orthopedic shoe provider in Bucks, Philadelphia & Montgomery Counties, but in the last few years we've expanded our reach globally. We are now serving customers from around the world.

Careful arch analysis is one of the key components in every one of our fittings.

Braces are all specifically designed for customer needs, like UCBL inserts, AFOs and MAFOs.

We provide custom made orthotics, OTC arches and inserts, careful re-covering of orthotics.

Our one-to-one, personalized service has always been the cornerstone of our business.

The Shoe Shop

Faherty's offers a **large selection** of top brand athletic and comfort shoes and accessories. We stock narrow thru extra extra wide. If you're looking for something in particular, let us know. We make orthotics for multiple conditions, lifts for leg length discrepancy, flares for stability, slider toes to keep from falling and repairs of all kinds. Faherty's on premises workshop offers our customers **superlative customization**. We can alter practically any shoe to the exact specifications of your doctor's prescription.

Customization of your footwear will not only elevate your day-to-day comfort level, but it will also allow you to lead a more active lifestyle, leading to better health and well-being. Take that first step today and schedule an appointment with a Faherty's expert. Walk-ins are welcome.
